Dear Gunther,

I regret that we did not find the time in Vienna or Wasle to go over your program in detail, so I have had to write a more general letter than perhaps is needed to convince a committee to give its support. However, I have written the recommendation as strongly as I could, and I hope it is helpful.

As I have been on the grant giving end of things for a number of years, I am not sure that such testimonials are very helpful. It is still best for the commission to enquire of consultants, on a confidential basis, for the advice of consultants. Perhaps they have already done that.

My best regards.

Sincerely yours,

Max Fink, M.D.
