

TO: Dr. Alden Loud  
Graduate School, NYMC

DATE: March 1, 1971

FROM: Max Fink, M.D.

I am pleased to enclose a recent summary of our EEG profile analysis studies, as the basis for any recommendations you may wish to make in Westchester to IBM or other organizations.

Our techniques are applicable to the Ocean Systems interest in "neurophysiological responses of the primate brain..."; and to IBM sales interest in the IBM 1800.

ENCL.
