Dr. Ferris Pitts
Washington University School of Medicine
Renard Hospital
4940 Audubon
St. Louis, Missouri 63110

Dear Pete,

Dr. Freedman is looking forward to having you visit on December 6, to lecture on your "Experimental Studies of Anxiety." This is the provisional title we have selected and hope this is agreeable to you.

The lecture will be held at Metropolitan Hospital (15th floor, 97th St. and First Avenue) from 12:15 pm to 1:30 pm. Until I hear otherwise, I will have a 3 1/4 x 4 1/4 projector available.

We would like you to have lunch with Dr. Freedman thereafter to discuss our programs in the Department.

If it is possible for you to arrive around 10:00 am, this will give Dr. Taylor and his associates a chance to meet with you and discuss their experiences.

We will, of course, defray your expenses for this trip and provide an honorarium. Thank you for joining us.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
