Dear Dr. Cole:

Under the grant MH-12567 "Pharmacotherapy of Narcotic Addiction" and with funds for equipment which are already available, we would like permission to purchase a Friden desk calculator with square root and automatic decimal control, to assist us in processing the cyclazocine and other psychopharmacological data. May we have permission to allocate \$1,695 of approved equipment funds for this purpose.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
