Dear Dr. Tuteur:

I am taking the liberty of enclosing a copy of a letter and an abstract regarding a case in which I was recently involved. I am sending this to you in response to a suggestion from Mr. George E. Hall of the American Medical Association. I had written to them for advice.

Mr. Hall referred to your report at a meeting of the American Academy of Forensic Sciences. If a copy of that report or any other relevant information is available, I would appreciate reading these, as I am intrigued by the problem.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
