I. Ritenis, M. D.
Connecticut Valley Hospital
Middletown, Connecticut

Dear Dr. Ritenis:

In reading your first letter, I find it unclear as to whether you do or do not have the D.P.M. certificate. At the present time, salaries for physicians with your qualifications without the D.P.M. are in the range of \$11,000 to \$13,000; and with the D.P.M., there is a \$2,000 differential.

There are accommodations in the neighborhood of the hospital, at a modest rental fee. For new staff people joining the institution, there are accommodations on the grounds of the institution which can be used for a temporary period.

I look forward to seeing you in New York on Friday, December 6.

Sincerely yours,

Max Fink, M. D.
Director
