Mr. C. P. Weidenthaler
Division Personnel Officer
Division of Mental Diseases
722 Jefferson Street
Jefferson City, Missouri

Dear Mr. Weidenthaler:

Enclosed is an application for examination for Dr. Alexander M. Don, whom I believe is eligible for a Physician III category with specialty in Psychiatry. Dr. Don has received his medical degree in 1958. After this he had one year of internship and subsequent to that, completed the training programs in Psychiatry leading to the D.P.M. of the Royal College of Physicians of London.

It is my impression that his experience satisfies the requirements of Physician III in Psychiatry. It is also my impression that he satisfies the requirements of a Senior Research Scientist (Psychiatry). In view of the salary difference for a Physician III (Psychiatry), it would be most helpful to us if he were so accredited.

Thank you for your consideration.

Sincerely yours,

Max Fink, M. D.
Director
