Dr. Daniel P. Bobon  
Assistant A L'Universite  
Quai de Rome, 14  
Liege, Belgium

Dear Dr. Bobon:

Enclosed are representative reprints of the studies from my laboratories, as well as two preprints of work that may be of particular interest to you.

It was kind of you to consider an invitation for your forthcoming roundtable in Belgium and I trust that these reports will give you an idea of our work.

In the event that you consider coming to the United States for a research fellowship, I would suggest that you write approximately nine months in advance, indicating the probable date of inception and enclosing a copy of your curriculum vitae.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
