Mr. D. F. Tikker
Monsanto Chemical Company
Olive and Lindbergh
St. Louis County, Missouri

Dear Mr. Tikker:

Thank you very much for the 1962 volume of "Federation Proceedings". I am very much interested and have requested the librarian to obtain some of the references. Within the last few weeks I have met a number of the staff of the Department of Electrical Engineering at Washington University, including Professor Govro. He expressed an interest in the problem of magnetic fields and I am taking the liberty of collecting the data and as soon as I have some reasonable information, I would like to call you and perhaps the three of us could meet and make some decision regarding studies in this area.

Thank you for thinking of me.

Sincerely yours,

Max Fink, M. D.
Director
