Albert E. Sobel, Ph.D.  
207-15 39th Avenue  
Bayside 61, New York

Dear Dr. Sobel:

I have the recollection of meeting you during one of your visits to Hillside Hospital. I am pleased to have received your curriculum vitae and am hopeful that I can process this application quickly. I am taking the liberty of writing to Dr. Goldenberg, whom I know well and to Dr. Weichselbaum.

It would be helpful in my presentation of this application to the Chairman of the Department, for us to have a candid statement regarding your reason for leaving the Jewish Hospital. Am I correct in my assumption that this is related to retirement?

Secondly, it would be of help if we could have a list of references which may be related to or could be applied to the general problem of mental health research.

Thank you for your reply.

Sincerely yours,

Max Fink, M.D.  
Director
