SUBJECT: Signing in at Metropolitan

Miss Delilah McKavish, R.N. has been asked by Dr. Naftalin to sign in and out each day at Metropolitan Hospital. Since she has been working both at Kirby and Metropolitan it is impossible for her to accomplish this. Miss Durbin had been signing for her on the days she was assigned to Kirby, but this is unacceptable. Would it be possible to either have her sign weakly, or not sign at all?

Thank you.
