Dear Jonathan,

I am very very grateful for your enthusiastic letter regarding the ECT Manual. Your request for so many copies and your suggestion that it be published led me to review the manual and I have made a few modifications, particularly in the theoretical sections. This is being typed and I am going to submit it to the American Journal of Psychiatry, hoping that they will accept their educational function.

In the meantime, I will arrange to run off 50 copies which will be sent to you within the next few weeks for distribution to your staff.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
