

January 2, 1970

Dr. Oldrich Vinar
Psychiatric Research Institute
Prague, Czechoslovakia

Dear Oldrich,,

Enclosed is an abstract for your consideration for the free communications at the forthcoming CINP meeting in Prague. I think it would be applicable for the communications in relation to the symposium on the evaluation of anti-anxiety drugs.

I have not received a reply from Professor Kielholz as yet and so have no more to report on the amphetamine symposium.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
