Dr. Paul Hoch  
Department of Mental Hygiene  
Albany, New York

Dear Paul:

I am pleased to enclose the minutes of the first meeting of Study Group II on January 25, 1963, as well as a meeting on April 16, 1963 on the occasion of the Federation meetings. These have been prepared by Dr. Toman, and I believe he has done an admirable job.

The next meeting of this study group will be held during the meetings of the American EEG Society in San Francisco on October 7-9, 1963. A program for this meeting will be prepared in the next few weeks.

Sincerely yours,

Max Fink, M. D.

Co-chairman, Study Section II-ACNP
