Dear Dr. Horovitz:

I very much enjoyed having lunch today with you and the other members of the staff of Squibb. As I mentioned, I am enclosing a copy of a report which I have just completed and submitted for publication in the Proceedings of the ACNP 1967. I think this reflects my present position.

I would appreciate receiving a copy of your report in the 1966 Proceedings.

Sincerely yours,

Max Fink, M.D.
