Dear Dr. Polvan:

Since my return to the United States, I have rec-  
ollected with much pleasure our visit to Istanbul. The little  
memento that Turan brought to you is but a token of our many  
pleasant hours. Enclosed are some pictures of your wife and  
yourself which I took during our visit. Please accept these  
from my wife, my son, and myself.

My best regards to your wife and your nephew.

Sincerely yours,

Max Fink, M.D.  
Director
