

November 24, 1970

Dr. Sheldon Gaylin
Grasslands Hospital
Valhalla, New York

Dear Shel,

I am pleased to recommend Dr. Arthur Zaks for appointment to the staff of Grasslands. He completed his residency in our Department in 1968 and has been an active researcher since 1966. He is one of the nation's principal students of the opiate antagonists; has written extensively on cyclazocine, naloxone, and heroin; and is now the director of the addiction service (Ward 15-A) at the Metropolitan Hospital Medical Center.

I heartily recommend his appointment.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
