Dr. Allen P. Berger
Chas. Pfizer & Co.
Groton, Connecticut

Dear Allen,

Enclosed is a corrected version of the cidoxepin study.
A small addition was made on page four.

I find that Dr. Gaztanaga will be able to start the study
in August if the supplies are available now. We have asked for
10 mg capsules, and matching placebo. Can you make 1000 of
each available?

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
