

June 20, 1969

Dear Dr. Boyer,

We are in the midst of an evaluation of the initial pyrovalerone data and it should be possible to review this on Friday. May I ask that you join me at my office at 5 East 102 Street at 1:30 p.m. ?

I look forward to your visit.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
