Dear Lothar:

It was a pleasure talking to you in New York. I was very pleased that your committee had extended an invitation to Dr. Roth to come to the United States. Dr. Roth has written to Dr. Ulett and as you know, we would be pleased to have him visit St. Louis.

Dr. Ulett is writing Dr. Roth directly, suggesting that he stop over in St. Louis during his travel. We will be able to provide him with an honorarium which will adequately repay him for his round-trip transportation and other expenses between New York and St. Louis.

I should be grateful for your recommendation of other scientists who may be coming to the United States through your program, as we believe that such visits to our institution would be most helpful in our residency training program.

My very best wishes for the New Year.

Sincerely yours,

Max Fink, M. D.
