

October 30th, 1972

Sidney Merlis, M.D.,
Professor of Clinical Psychiatry,
Central Islip State Hospital,
Central Islip, N.Y. 11722.

Dear Sid,

Following our discussions at the research committee this morning, I would appreciate your asking your secretary to send to me, for filing and/or distribution:

- (a) copies of protocols of ongoing research programs which may be made a matter of record at this time.
- (b) invitations to meetings of a research nature - the latter to be distributed to the committee and to other department members.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
