Dear Mr. Randolph:

Dr. John Stern of the Malcolm-Bliss Mental Health Center was kind enough to forward your letter of July 23, 1963 regarding the MOBIDAC. At the present moment, we have an IBM 1710 system on rental and are testing it for some applications.

I am interested in a demonstration of your instrument and in the event that it is available in the St. Louis area in the next few months, I should be grateful for an invitation.

Sincerely yours,

Max Fink, M. D.
Director
