Dear Fritz:

It is with great pleasure that I recommend Dr. Sam Gershon for membership in the American College of Neuropsychopharmacology. Dr. Gershon is a qualified psychiatrist having received his D.P.M. After this training, he has worked in pharmacology and during his career was awarded the Pfizer Scholarship for Medical Research Overseas.

He has recently been appointed Principal Research Scientist (Pharmacology) at the Missouri Institute of Psychiatry. During the five months of his tenure to date, he has shown himself to be an energetic and brilliant investigator.

I heartily recommend him for membership.

Sincerely yours,

Max Fink, M. D.
Director
