Dear Dr. Sherwin,

Thank you for your kind invitation to present a paper on EEG and psychoactive drugs at the March, 1984 EAEEG ski meeting. I would like to attend but prior commitments will prevent it.

In my stead, you may wish to invite Jan Volavka, M.D. (Research Division, Manhattan Psychiatric Center, Ward's Island, New York) or Mr. Peter Irwin (Medical Department, Sandoz AG, Basle, Switzerland) -- two of my former co-workers who are capable of making a fine presentation. (Mr. Irwin will be back in the States this Fall).

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
