Fred Andermann, M.D.
Montreal Neurological Institute
3801 University Street
Montreal, P.Q.
CANADA

Dear Dr. Andermann:

I am pleased to sponsor the report "EEG and Behavior Effects of Naltrexone in Man," which is being submitted for presentation to the Eastern EEG Meeting by my former coworker, Jan Volavka, M.D.

I hope that he will have an opportunity to present this work in the next meeting.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
