Dr. Stuart Lewis
Royal Edinburgh Hospital
Edinburgh, Scotland

Dear Dr. Lewis,

I want to take this opportunity to thank you for your patience and courtesy during my recent visit, which was a highlight of my trip. I am impressed with the amount and variety of work of the Department and particularly with your enterprise in the study of heroin and cannabis.

Incidentally, I did arrive at Anderson's in time and they were most helpful. Thank you for the suggestion.

My best regards to your associates, and I look forward to continuing our discussions in Würzburg.

Sincerely yours,

Max Fink, M.D.
