Dear Charlie,

I would like to propose Dr. Jovan Simeon for membership in the Society of Biological Psychiatry. A copy of his curriculum vitae is enclosed.

Dr. Simeon has been working with me since 1965. He has participated in all the early clinical drug evaluation programs both at the Missouri Institute of Psychiatry and in New York. He has established a program in child psychopharmacology and, I believe that he will continue to contribute to our field.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
