Dr. McKeen Cattell
Journal of New Drugs
1300 York Avenue
New York, New York 10021

Dear Dr. Cattell:

My associates at the Missouri Institute of Psychiatry are pleased to submit the enclosed report "Clinical Laboratory Test Standards in New Drug Trials" for your consideration for publication in the Journal of New Drugs. We believe that this problem of laboratory standards in new drug evaluations is an important one in all new drug evaluations and trust that our approach may be of interest to your readers.

Thank you for your consideration.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
