TO: Richard Abrams,

The various reports for the ECT issue of the *Seminars in Psychiatry* are in the hands of the publisher, and we should receive galleys within 6 weeks. The issue is due to appear in February.

The publisher has indicated that he will give each of you a subscription, in gratitude for your cooperation.

I am enclosing a copy of the identification sheet, as submitted. If incorrect, please advise.

I want to express my personal thanks for your splendid cooperation and enthusiasm. I know that I would not have undertaken this effort, if I had not felt that you would do as well as you did. I hope the issue does make the contribution to ECT understanding that is so sorely needed.

My thanks.
