Dr. Joseph Weizenbaum
Massachusetts Institute of Technology
Boston, Massachusetts

Dear Dr. Weizenbaum:

In reading the program of the Binghamton ACM meeting, I noted that you are presenting a report on "The Computer in Psychiatry."

I am in the process of completing a review of this subject for a forthcoming textbook of psychiatry, and I would be grateful for the opportunity to see any published material that you may have available, especially any to which reference may be made.

Many thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
