University of Tennessee  
Memphis, Tennessee

Dear Dick,

The Program Committee of the CINP has requested that we submit abstracts of each of the papers of our proceedings for publication in the summary proceedings of the CINP. I have taken the liberty of reproducing the abstract you submitted some months ago and sent this to the editors. If there are any major corrections, please send them to me and I will transmit them directly.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
