Mr. M. J. Feeney  
American Airlines  
District Sales Branch  
411 North 10th Street  
St. Louis, Missouri

Dear Mr. Feeney:

For the past few years I have been traveling regularly between New York and St. Louis and recently with the traffic conditions in New York being what they are, began more and more to be dependent on LaGuardia Terminal. Over the next many months, I will continue my weekly or biweekly trips to and from New York and I am writing to request your consideration of a membership card in your Admiral's Club.

As I indicated to your secretary, I will be moving my family to New York in late June but will continue my relationship here, so that my present weekly schedule will probably continue.

Incidentally, I was very pleased to be on the inauguration of your 5:45 flight from New York to St. Louis on May 27.

Many thanks.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
