Acting Chief Chemist

Dear Mr. Bober:

Separately, I am sending
~~Attached are~~ three samples, individually labeled, of
presumed marijuana substances. Two of these are now under
study and we request an analysis to provide definitive
reference data. The third is a sample delivered to our
Department by a substance user and an analysis, if available,
would be useful in helping us deal with other similar users.

The sample of THC was received from NIH (Dr. Efron).

The sample of marijuana was received from NIMH
(Dr. Scigliano).

Thank you very much for your assistance.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
