Dr. Neil Burch  
Department of Psychiatry  
Baylor University College of Medicine  
1200 Moursund Avenue  
Houston, Texas 77025

Dear Neil:

Enclosed are two abstracts from these laboratories which reflect recent work, for the consideration of the program committee for the forthcoming meeting of the Society for Psychophysiological Research. If either, or both these presentations interest the committee, Don and I would be pleased to prepare the presentations.

Incidentally, we are still interested in an analog analyzer system and other than a phone call from your engineering friends, we have received no follow-up visit, even though they sent a letter stating that one of the engineers would call us last week.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
