

April 1, 1965

Dr. Jonathan Cole
National Bank Building
6917 Arlington Road
Bethesda, Maryland

Dear Jonathan:

Thank you very much for your invitation to participate in the dinner on Friday evening, April 16, 1965. Unfortunately, this is one of our principal holidays and as I am sitting here now arranging my schedule, I find that my parents will be in St. Louis for the celebration. While I am honored by your thoughtfulness, I must ask your indulgence for I shall have to leave Washington on the 4:30 flight for St. Louis.

Serving on this committee has been a great pleasure, an unusual opportunity and a most rewarding experience. Under your leadership and that of Dr. Brill I feel that you have done much to enhance psychopharmacology in the United States and indeed in some foreign countries as well. If I can ever be of assistance I will be honored.

May I thank you for including this laboratory in the list you recommended to Dr. Bedenko. It is also a distinct honor to be included in such a distinguished list.

My best personal regards.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
