Dr. Peter J. Geerlings
Psychiatrische Universiteitskliniek
Wilhelmina Gasthuis
Amsterdam, The Netherlands

Dear Dr. Geerlings,

It was a pleasure to have you visit and I have taken the liberty of writing to Dr. Cohen about our interest in chronic cannabis use. I am grateful for your suggestions and look forward to calling you in Amsterdam in late March.

Incidentally, the next post brought an invitation from vonPraag to attend the meeting of the biological research group in September, and I was pleased to accept.

I trust your tour of the U.S. gave you a chance to see the diversity and majesty of our nation.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professo of Psychiatry
