

August 7, 1968

Dr. Turan M. Itil
Missouri Institute of Psychiatry
5400 Arsenal Street
St. Louis, Missouri 63139

Dear Turan,

Enclosed is a draft of the paper by Drs. Schwartz and Feldstein. All the tapes have been analyzed but these were not completed before Dr. Schwartz went on vacation. I expect him to return in September, since he is in England. At that time I hope he will go over the material and rewrite this report including an outline of the next important steps.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
