Dr. Keith Ditman  
Research Psychiatrist  
Department of Psychiatry  
UCLA Center for the Health Services  
Los Angeles, California 90224

Dear Keith,

Enclosed is a small contribution with regard to the problem of complications of LSD which may interest you. Your work has been so definitive, that our contribution can only be a small one, relating as it does to the application of LSD in repeated dosages in severe psychotic subjects.

We are submitting this to the *Archives* for their consideration for publication.

Thank you for your interest.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
