Mr. Philip Sapir, Chief  
Research Grants and Fellowships Branch  
National Institute of Mental Health  
Bethesda 14, Maryland

Re: USPHS Grant MH 07432-01

Dear Mr. Sapir:

I am writing to request the extension of the final year of this grant, MH 07432-01, for an additional period of one year to December 31, 1964 without additional funds. This grant "Behavior changes with induced altered brain function" is the final year of a study program begun by me at Hillside Hospital in 1954. During the past few months I have been preoccupied in establishing this new laboratory in St. Louis. The program of analysis and further development of studies is now under way and the extension of time will permit a satisfactory completion of that program and the establishment of its logical derivatives.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M. D.  
Executive Director
