Dear Bill:

Enclosed are the data sheets and covering notes for our study of GP-41299. We assayed this clinical study following the demonstration of specific EEG activity.

There is one general purpose scale used, for our anxiety-scale data.

Should there be specific questions regarding the data sheets, please call the study coordinator, Miss Sonna Durbin at 212-360-6746 or Dr. Abrams at 212-360-6746.

Thank you for your assistance.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
