

March 30, 1965

Dr. Jack Ewalt, M. D.
Professor of Psychiatry
Massachusetts Mental Health Center
72-76 Fenwood Road
Boston, Massachusetts

Dear Dr. Ewalt:

Some years ago, a comparative study was undertaken with the Massachusetts Mental Health Center as a cooperating institution. A final copy of the report of that study is enclosed. We have received permission to publish this information from Dr. Greenblatt.

I am writing to tell you that we have submitted this draft for consideration by the Archives of General Psychiatry.

I would be pleased to have your comments.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
