Albert J. Silverman, M. D.
Department of Psychiatry
Duke University Medical Center
Durham, North Carolina

Dear Al,

Mr. Don Wiper of SEL visited me yesterday and extended your kind regards. Many thanks.

I would like to take this opportunity to congratulate you on your new appointment. There are seasons of the year, notably the spring and fall, when the hills of New Jersey are at their most beautiful and living becomes most pleasant. I am sure you have heard many stories about the problems of New Jersey, but for members of my family and for myself it has always been a most wonderful part of the country.

I have just completed my first year of organizing this research center. It has been a difficult but very exciting time, and in some ways I envy you the opportunity.

My very best wishes.

Sincerely yours,

Max Fink, M. D.
Director
