Dr. Richard P. White
Associate Professor
The University of Tennessee
Department of Pharmacology
Memphis, Tennessee 38103

Dear Dick,

With regard to the budget request of expenditures on the cyclazocine project, I do not think that we are able to approve either equipment or travel since these are NIH restricted categories. The funds allocated are for "Consultation" and it is my understanding that these may be expended as consultation fees for you or members of the staff of the University of Tennessee or may be transferred to other unlimited categories, such as personnel or supplies.

Insofar as our travel funds on this project are restricted and limited we are unable to approve this specific request.

Would you please submit a revised budget including only allowable items.

Good luck!

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
