

March 28, 1968

Dr. Phillip Polatin  
New York State Psychiatric Institute  
722 West 168th Street  
New York, New York

Dear Dr. Polatin:

Thank you very much for thinking of me and sending me the historic report of organic mental reactions during shock therapy. This is a historic report, as it was one of first which communicated the EEG changes seen in these treatments.

Hans Strauss was my first teacher in EEG and I owe much of my present interest to the enthusiasm which he showed during my learning period in 1952-53.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
