

July 16, 1970

Dr. Everett Ellinwood
Duke University Medical Center
Durham, North Carolina

Dear Everett,

It was kind of you to invite me to contribute to the volume on amphetamine abuser. I would like to do so, but would be unable to give the project any time until after the trip to Europe. If you mean for the fall, I will do my best. If sooner, you may wish to ask one of the others.

I trust I will see you in Prague.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
