Dear Ellen:

Thank you for replacing the electrodes (your order 10-25-10). While those you charged to the Psychiatric Research Foundation, they really are part of an order (# H03516) to the Missouri Institute of Psychiatry (St. Louis State Hospital), which is the State agency. (I am Director of both a State agency, the Missouri Institute of Psychiatry, and a Foundation, the Psychiatric Research Foundation of Missouri, and if you feel it is confusing for you, it is doubly so for us!).

Sincerely yours,

Max Fink, M. D.
Director
