Dear Arthur:

It was a pleasure participating in the meetings in Palo Alto with you. I am taking the liberty of enclosing a copy of the curriculum vitae of Dr. Serafetinides, who is at the present time, at the Maudsley and has indicated a desire to come to this country. If you are interested, I will send you a copy of the complete file and will write to him indicating that I have sent this on to you.

My best regards.

Sincerely yours,

Max Fink, M. D.  
Director
