New York, New York 10028

Dear Dr. Norsa:

We would be pleased to have you participate in the Narcotic Addiction Treatment Evaluation Program on a part time basis effective on or about June 1, 1967. I would appreciate your calling Mr. Irvin Schwartz at 369-7900 Ext. 226 to arrange the details of salary.

With regard to the assignment during the summer months, please get in touch with Dr. Sharoff who will acquaint you with the changes in the program since you last worked with him. Incidentally, we are embarked on a research evaluation of different forms of treatment for narcotic addiction and you should also meet Dr. Richard Resnick who is developing the research aspects of this program.

I look forward to seeing you on the service.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
