Dear Herman,

I have received your latest annual report, and I thank you for the opportunity to gain some insight into the new developments in biological psychiatry. The extent of the program is impressive, and when I add the time you must spend visiting and lecturing around the world, it is even more interesting to see the extent of the accomplishments.

Rumor has it that you will be or are already in Israel. Is that correct? Can we expect the same enthusiastic programs from Jerusalem in the future?

Again, my thanks for your report, and my best regards.

Sincerely yours,

Max Fink, M.D.
