Mr. Wali Dad  
2191 Souvenir Avenue  
Montreal 25, Quebec  
Canada

Dear Mr. Dad:

Thank you for your recent inquiry regarding a position in the EEG research laboratories which I am now establishing. In reading your letter, I am not sure with whom you may have been trained and with whom you are now working. To process this letter further, I would appreciate a handwritten note indicating the names of two senior electroencephalographers with whom you may have worked or trained; a small photograph; and a description of your present duties at Montreal Children's Hospital.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
